

Welcome to our Office

Here at Vienna Cosmetic and Family Dentistry we are committed to providing the best possible dental experience to our patients. It is our mission to provide excellent dental care that exceeds the expectations of our patients. We know that the best results can only be achieved through a partnership between our office and you. We want you to know what we believe in.

Vienna Cosmetic and Family Dentistry commits to:

- Doing what is best for our patients
- Treating our patients with courtesy and respect
- Providing gentle and compassionate care
- Keeping costs affordable
- Seeing patients at their appointed time
- Staying up to date with current techniques and technologies to provide top level dentistry
- Using strict sterilization procedures to protect our patients well-being and health
- Using digital radiographic equipment to limit radiation exposure
- Providing clear financial estimates
- Clearly explaining treatments and alternatives if available

We ask our patients to commit to:

- Understanding that we have your best intentions in our heart
- Treating our staff with respect
- Understanding that we do everything in our power to make dental procedures as pleasurable as possible, but in some procedures that treat gum and tooth disease, it may not be possible to eliminate 100% of pain
- Helping us keep costs low by attending appointments that are made. We incur overhead costs and pay our staff to treat you at your appointed time whether you arrive or not.
- Arriving early or on time for appointments, so that we can see subsequent patients on time.
